# ANTI-NAZIS 'BOMB' GERMAN BUND CAMP

YAPHANK, July 18. — Camp Siegfried, a resort maintained by the German-American Settlement League, an affiliate of the German-American Bund, was "bombed" yesterday by 25,000 red, white and blue leaflets dropped from a plane chartered by the non-sectarian anti-Nazi League.

The leaflets, which fell among 1500 German-American residents eating picnic lunches at the camp, listed the qualities of a "real American" and stressed the "obvious advantages of living in a country governed by the people and not by dictators."
